

OMONDI TILEN OCHIENG'

80100 – Mombasa, Kenya ochiengtilen5@gmail.com |+254111324234

PROFESSIONAL SUMMARY

Detail-oriented and driven Information Technology undergraduate student with hands-on experience in full-stack web development. Demonstrates strong knowledge of front-end and back-end technologies, including HTML, CSS, JavaScript, ReactJS, PHP, and MySQL. Experienced in developing responsive websites and user-centric applications, with a keen interest in database systems, software engineering, and UI/UX design. A fast learner with excellent problem-solving skills, seeking opportunities to innovate and contribute to impactful software solutions.

PROFESSIONAL EXPERIENCE

Freelance Web Developer (*2023 – Present*)

- Designed and developed a complete e-commerce website for MoorJo Collections, featuring mobile responsiveness and product navigation.
- Worked on backend modules for a custom Insurance Management System, with focus on user authentication, claims processing, and reporting tools.
- Currently developing a student platform with real-time messaging and video chat features.

Technical Project Intern (*Personal Projects, Ongoing*)

- Applying academic knowledge to build and test practical systems based on real-world needs.
- Focused on system logic, UI/UX enhancement, and secure database interactions.
